

Lake Rosalind Property Owners' Association Inc.

Yours to enjoy - Yours to protect

Accident prevention and safety are everyone's responsibility - It is important that these suggestions are followed.

- 1 - Swimmers and "snorkellers" must stay close to shore unless accompanied by a boat.
- 2 - Anchored rafts not to be placed over 30ft. from shore. - Should be marked for easy visibility.
- 3 - Power Boats and PWC's must not pass between anchored rafts and shoreline.
- 4 - All Power Boats and PWC's must stay at least 50ft. off shore unless proceeding slowly and creating no wake.
- 5 - Sail boats, canoes and rowboats have right-of-way.
- 6 - All traffic shall be in the general direction of the arrows shown on map. PWC's should not spin out or perform manouvers while in the lanes shared by Boaters Skiers, Tubers, etc..

GO TO THE MIDDLE OF THE LAKE AND PLAY SAFE.

- 7 - Respect and obey all traffic signs placed for your protection. Some underwater obstacles are marked with Bouys. Maintain a safe distance from Bouys when boating in these areas. It is your responsibility to know the lake.
- 8 - Owners must familiarize everyone operating their boat or PWC with safety suggestions.
- 9 - It is everyone's responsibility to inform friends, neighbours, and visitors of these safety suggestions.

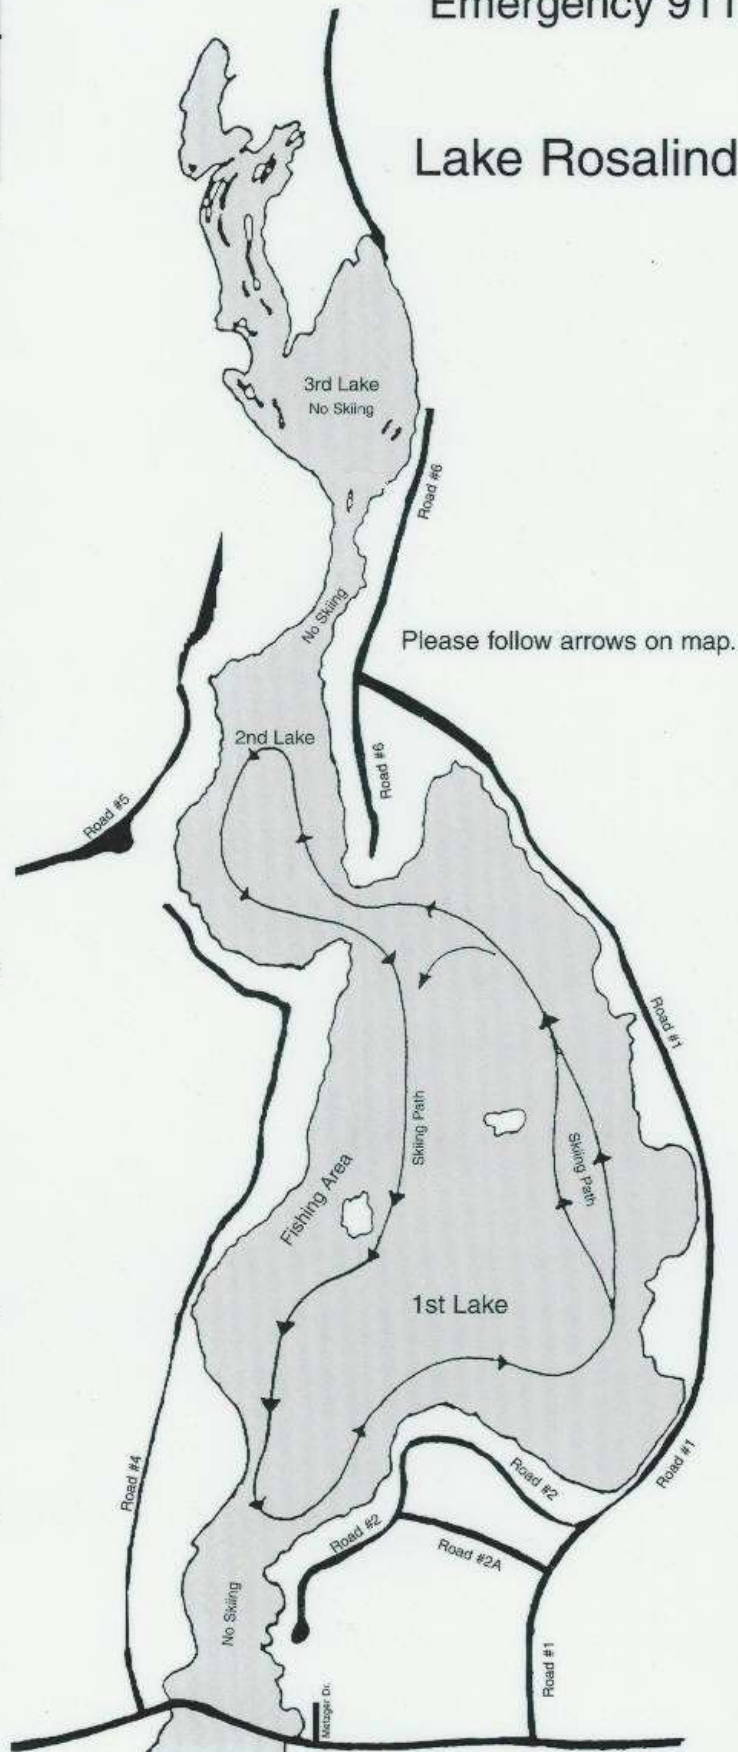

NOTE: Dangerous/erratic boat operation or infraction of the fish and game laws should be reported to the appropriate authority immediately.

Landlords - Please make your tennants aware of the safety suggestions.

BOAT RAMP: Built by the Association and is for the use of paid up members only. Obtain key from your road director.
